- **3.** Positon AirCore(s) on foundation with hoses at head (for King/Queen put thinner 2" rails in center next to each other).
- **4.** Place AirPump at head of bed. Run air supply hose out exit hole in bottom of cover. Connect to pump, matching colors of hose end to pump. If you ordered Zoned Air Cell, you will have two hoses for each side.
- **5.** Inflate AirCore(s) to top of rail.
- **6**. Peel plastic bag down off latex core. Position latex gently in the firmness arrangement desired, Place firmness labels at foot for easy reference.
- 7. If you have ordered a zoned or deluxe mattress, place premium layer on top of secondary cores (for a diminished zone feeling, you may place zoned latex down one layer).

For vZone instructions, see #8 on back.

- **8.** Lay comfort pad over cores; If you have Latex, place convolute (bumps) up If you have Memory Foam, allow topper to expand for several hours.
- **9.** Pull up cover sides and zip closed.
- **10.** We recommend a cotton mattress pad.

\*NOTE: Unlike conventional mattresses, your FloBeds sleep system allows you to see the components of your mattress, you know what you are sleeping on. Latex is a natural product and will have minor inconsistencies and blemishes. All Latex beds have pieces laminated together (latex is not made to mattress sizes). The edges may have fractures or be uneven and may have been repaired with nontoxic glue. These will not affect the ability to provide your body with superior support. Memory Foam discoloration from light is normal. Latex may be gently washed with soap and water.

Your FloBeds Cover is made of Cotton and/or Wool. Our covers unzip, so you can easily hang your mattress top in the sun. We suggest sunning your mattress top a couple of times a year. Sunning will help eliminate dust mites. If you suffer from severe allergies, with the top off, you can vacuum the inside top of your mattress components to remove allergens. That, combined with your sunned mattress top will provide you with cleanest and most comfortable mattress possible. Your mattress cover may be spot washed with cold water and mild soap. It should be line dried. Do Not Wash. Do Not Put in Dryer. If you feel you need to clean the entire cover, we recommend professional cleaning. Be sure to inform your cleaner of the contents: Cotton and Wool.
